2010 US University Fair Guide

Welcome to U.S. Educational Group's Fall 2010 Fair

On behalf of the U.S. Educational Group (USEG), I would like to welcome you to our Middle East Fall 2010 fair in Beirut, Jeddah, Kuwait City, Manama, Doha, Dubai, Amman. We believe these fairs will help you find the right higher educational program that you are interested in and that is the right fit for you.

The U.S. Educational Group is committed to assisting in that search. We recognize that international education offers opportunities to acquire training, knowledge, and understanding which will enhance you, your country and the world.

Hopefully you are looking forward to all the opportunities that come with living in a foreign country, and our staff at USEG is committed to assisting you in your pursuits of higher education.

Many students that come to the fairs ask us about the application process, so we have put together a brief guide to Applying to an American University.

Applying to an American University.

The application process for undergraduate

admissions in the United States is a fairly involved and complicated process. International students are usually unaware of the time that U.S. application process requires, and that it must be started approximately one year before you expect to enroll.

Determining which of the hundreds of colleges and universities will best suit your needs is a complex process. Selecting the right school to attend requires thoughtful research and understanding the type of education you are looking for. With the diverse choices offered in the United States - from small community colleges offering two year degrees to world-renowned universities with full PhD programs, the choices are sometimes daunting.

It helps to begin your search by either narrowing down the geographic location, or the type of school you are interested in, public, private, small, or large. Many websites, books, and magazines are created to help you with your process, and by attending this fair, you are taking an excellent first step to narrowing your choices. The colleges and universities listed on the following pages have comprehensive websites showing the admissions criteria and available courses of study.

After you have narrowed your choices to 5-8 schools, you are ready to begin the application. While all colleges and universities have different requirements for admissions and deadlines, in general there are 6 steps to the application:

2010 US University Fair Guide

- **Application form and fee** - All colleges now allow applicants to apply for admission through online applications, which makes the process much simpler and more efficient for most overseas candidates. You may still request traditional paper applications or print them directly from the university website.
- **Essay** - the essay may be one of the most important parts of the application. Not only does it allow you a chance to tell the admissions officer more about yourself and what you feel is important, but also to showcase your writing skills.
- **Letters of recommendation** - all schools require you to submit 2 or 3 letters of recommendation from a teacher or other people who know you well. It is important that you ask the recommender to write you these letters early so you can be sure to receive them on time.
- **Standardized tests** - for undergraduate admission most schools require the SAT and TOEFL, while for graduate admission, each discipline has a different required exam. The times of these exams are set, and you must register for them months in advance.
- **Transcripts** - official copies of your grades from your school must be sent directly to the university and include a list of completed courses and grades. If the original documents are not in English, a notarized translation must accompany your official transcripts.

- **Letter of support** - You are required to provide proof that you will have the financial resources to support you while you are a student in the United States.

Once you have submitted your application, you will wait approximately 2-4 months before receiving a response from the university. After your acceptance letter and I-20 have arrived, you will be required to apply for your student visa and bring all the supporting documentation.

It is important for students graduating from high school to understand that applying for law school, medical school, dentistry school, and an MBA (Master's in Business Administration) in the United States requires a 4-year college degree. This means you would have to have completed your Bachelor's degree already to be able to attend one of these programs.

We hope this fair will be a positive experience for you, allowing you to find the school that is the best fit for you. We hope you will visit our website at www.al-jamiat.com for more information about colleges and universities, the application process, graduate studies, and to join our mailing list. Many thanks for coming to the fair!

Regards,

Joseph Z. Humadi
President

2010 US University Fair Guide

Albion College

Albion College located in Albion, Michigan is ranked in the top 100 liberal arts colleges by the U.S. News and World Report and is accredited by the North Central Association of Colleges and Schools. Albion College has earned a national reputation for its Albion Advantage program, high graduate school placement rate, distinguished academic programs, professional institutes and undergraduate research opportunities. Of Albion College's 110 tenured or tenure-track faculty members, 95% hold the Ph.D. or appropriate professional degree in their field. Approximately 1,650 students are currently enrolled and represent over 20 countries.

Albion College offers generous financial aid packages for all undergraduate international students who meet or exceed the minimum criteria for admission of up to \$20,000 per year. Students need to meet the minimum requirements in either the TOEFL, SAT, ACT, IELTS or complete course 112 at an authorized ELS institution for admission and scholarship consideration. Conditional Admission may be granted to students needing to complete an ESL program. Special housing and meal accommodations can be made for students requesting those services in advance.

Bryant University

Bryant University was founded in 1863. The campus is located on a suburban estate in Smithfield, Rhode Island, USA. Bryant is a student-centered university focused on academic excellence that prepares students to achieve their personal best in life and their chosen profession. Academic programs integrate business and liberal arts to develop the skills essential to every profession.

The business program is accredited by the AACSB International, the Association to Advance Collegiate Schools of Business, which is an honor assigned to only one-sixth of the nation's business programs. Bryant is also accredited by the New England Association of Schools and Colleges (NEASC). In 2010, Bryant was mentioned among the top schools by *Business Week* and earned the number 16 spot in the Masters Universities (North) category in the latest rankings compiled by *U.S News & World Report*.

Carnegie Mellon University - Qatar

With more than a century of academic excellence and distinguished research, Carnegie Mellon University is a leader in education with real-world applications. Consistently top ranked, the University has more than 11,000 students, 84,000 alumni and 4,000 faculty and staff globally. Core values of innovation, creativity, collaboration and problem solving provide the foundation for everything we do.

At the invitation of Qatar Foundation, Carnegie Mellon joined Education City in 2004. Here, Qatar Foundation created a unique center for scholarship and research that is the ideal complement to Carnegie Mellon's mission and vision. Students from Qatar and 35 different countries enroll at our world-class facilities in Education City. Carnegie Mellon Qatar offers undergraduate programs in business administration, computer science and information systems.

Florida Institute of Technology

Considered one of the premier technological research universities in the southeast, Florida Tech boasts a beautiful campus located in the high tech heart of Florida - the Space Coast. Florida Tech is a coeducational, fully accredited private university offering undergraduate and graduate degrees in engineering, sciences, aviation, business, psychology, and liberal arts. Academic scholarships and need based aid are available to international students based on grades. The Melbourne population is 3600 students with 2600 undergraduate and 25% international. Our student to faculty ratio is 9:1. The international student organizations are an active part of the over 95 clubs and organizations.

Foothill and De Anza College

Foothill and De Anza offer the first two years of a university Bachelor's degree on two campuses located in the heart of Silicon Valley just south of San Francisco. We are one system with two locations that are five minutes apart. De Anza has a total enrollment of 25,000, and Foothill has 19,000 students. Together, we enroll 2,500 international students from almost 100 countries. Both of our colleges rank among the top community colleges in the U.S., and we are charter members of the prestigious League for Innovation in Community Colleges. Students study with us for two years in over 100 majors, and then transfer into their third year at the university to complete their Bachelor's degree.

Currently, 47% of all students in the United States who begin higher education do so at a community college. There are four primary reasons so many students make this choice. First, it costs a lot less. The annual tuition at Foothill or De Anza is around \$5,500US per year. Second, admission is a lot more flexible. We're looking for students with at least a 61 iBT TOEFL and average or better results from secondary school. Third, the class sizes are small, and are all taught by regular professors, not teaching assistants like in many universities. There is considerably more individualized attention both within the classroom and through the extra support that we offer just for international students. And fourth, and most important, it's easier to get into the third year of a highly selective university than it is to get into the first year, especially if a student is transferring with good grades from a highly regarded community college like Foothill or De Anza. For this coming Fall, for example, 86 of our international students were accepted to Berkeley, 154 to UCLA, and more to other University of California campuses, Stanford, and hundreds to other places both within California and in other states including Yale, Penn, Carnegie Mellon, Columbia, Cornell, Georgetown and Northwestern!

2010 US University Fair Guide

IE University

IE University is an extension of IE's international education model to graduate and postgraduate education, designed to offer a portfolio of innovative degree and engineering courses. Here at our campus in Segovia you will discover a unique, sophisticated and top quality education model delivered in a highly international learning environment. Humanities, innovation, and business management are all core components of IE University programs, which combine a practical approach to education with online and onsite learning processes. In short, IE employs a different approach to graduate education.

The IE University campus is housed by the Convent of Santa Cruz la Real, declared a national heritage site in 1931. Covering over 18,000 m², this privileged location comprises lecture theatres, work rooms, laboratories, radio and TV studios, and conference rooms, where new technologies have been seamlessly integrated into a historical backdrop dating back to the 13th century.

IE's new university education model hinges on the dissemination of knowledge and innovation among future leaders. It is a student-centric learning process designed to equip you with a comprehensive insight into global business management, a marked capacity for innovation, an entrepreneurial mindset and the humanistic spirit that is a key feature of all our programs.

The University has a markedly international focus and offers graduate and postgraduate programs taught in English and Spanish. Programs are designed to afford students and professors greater mobility among international universities and to foster the exchange of ideas and knowledge on an international scale.

IE University has 1,400 students and a faculty comprising 190 Spanish and international experts.

Indiana University- Bloomington

Founded in 1820, Indiana University Bloomington (IUB) is the flagship campus of Indiana University's eight campuses statewide. IUB attracts students from around the globe who want the ideal college experience---great traditions, a beautiful environment, international culture and an attractive academic climate. The Bloomington campus of Indiana University is home to more than 4,600 international students from more than 125 countries. Our welcoming community values the contributions of international students and scholars alike.

The Intensive English Program (IEP) at Indiana University offers a comprehensive set of programs aimed mainly at preparing international students to study in English at the university level. The IEP is a long-established English program with over 30 years of training students for academic careers and the program offers excellent value. The IEP has highly trained and experienced teachers, small class sizes, seven levels of instruction, TOEFL preparation, Academic and Professional English and academic advising for all students in the program. The IUB campus and Bloomington community offer a multitude of extra-curricular activities such as sports, music concerts, theater and local events.

2010 US University Fair Guide

7

Indiana University-Purdue University Indianapolis

Indiana University-Purdue University Indianapolis (IUPUI) is a partnership of IU and Purdue creating a premier urban public research university offering more than 250 degree programs in 21 schools. The collaboration of IU and Purdue offers students the best of two worlds: excellent Science, Math, and Engineering degrees of Purdue University and Business, Art & Design, Life Sciences, Music Technology, Social Sciences, Liberal Arts and many other degrees from Indiana University. Bachelor degree students will inevitably take courses from both Universities while earning a degree from one or the other, in keeping with their major. The urban setting in downtown Indianapolis provides opportunities for internships, practica, volunteer projects, and post-degree job opportunities.

Founded in 1969, this relatively young campus continuously grows and changes offering excellent technologies and beautiful facilities. New academic programs are offered in Informatics, Motorsports Engineering, Energy Engineering, Philanthropic Studies, Sports Journalism and Forensic Science. In 2009 Forbes magazine ranked IUPUI the 8th best public university in the Midwest. IUPUI has been a leader in the development of exceptional learning experiences for undergraduate students, including USNWR-acclaimed First Year Experience, Learning Communities, and Service Learning. Despite the large size of the campus, 70% of our classes have 30 or fewer students encouraging unusual and exceptional opportunities to work closely with faculty, to design funded research projects, and to submit papers for publication in peer-reviewed journals. Graduate students can choose from more than 130 graduate and professional degree programs.

Fast Facts: 22,100 undergraduate and 8,200 graduate and professional students, 1450 international students, many scholarships for outstanding students.

Lamar University

Founded in 1923, Lamar University is a public institution and member of the Texas State University System. Located near Houston, Texas, our campus in Beaumont experiences a warm, subtropical climate. Recognized by the New York Times as one of the most diverse college campuses in the U.S., more than 13,000 students from 50 countries currently study in our five academic colleges – Arts and Sciences, Business, Education and Human Development, Engineering, and Fine Arts and Communication. Our MBA program is accredited by AACSB-International and is one of Princeton Review's "Best 143 Business Schools." In addition to bachelor's, master's and doctoral programs we also offer English language training at the Lamar Language Institute. Students whose proficiency does not meet regular admissions standards may be accepted with conditional admission status.

Lasell College

Lasell College, founded in 1851, is a coeducational, nonsectarian institution of higher education offering programs that lead to the bachelor's and masters' degrees. Just eight miles west of Boston, Lasell's educational philosophy is built upon the concept of connected learning, combining breadth in the arts and sciences, professional courses and educational projects that tackle real issues. All of our programs include practical experience through coursebased projects, internships, clinical affiliations and on-site training.

This experienced based approach to education establishes a sense of both connection and relevance—students understand their academic work as they prepare to become imaginative and ethical practitioners in their chosen professions.

Massachusetts College of Pharmacy and Health Sciences

As the oldest institution of higher education in Boston, MCPHS builds on a 185-year history of bringing innovation to health care education. Our degree programs in pharmacy and health sciences combine in-depth knowledge with hands-on practice. Our network of alumni work in virtually every sector of health care. Our Boston location aligns our students with rewarding careers at some of the most prestigious hospitals in the country. Equally rewarding is MCPHS's unique campus culture where students thrive in a community of like-minded individuals: focused, ambitious, and dedicated to making a difference in human lives.

Northern Arizona University

Northern Arizona University was founded in 1899 and is a public, coeducational, state university of approximately 15,000 undergraduates and 2,000 graduates. We offer over 85 bachelor's degrees, 46 masters and 9 doctoral programs and students can study business, engineering, science, social science and liberal studies.

We welcome over 600 international students from 60 countries on our traditional college campus which is located in the small city of Flagstaff, Arizona. Flagstaff is at 2,200 meters altitude and has a population of 60,000. It is a short drive from such attractions as the Grand Canyon, and Las Vegas, Nevada.

The Center for International Education is a resource for the international community at Northern Arizona University. The office sponsors special programs like the International Friends Program and events like Ramadan and celebrations for American holidays.

We offer **conditional admission** for undergraduate students. **The Program in Intensive English (PIE)** is a full-time program focused on increasing English skills in the areas of listening, speaking, reading and writing. Graduates of this program are prepared to be successful in their university major classes and are able to enter into their bachelor's degree upon completion of their English studies.

2010 US University Fair Guide

Oglethorpe University

Oglethorpe University offers a rigorous liberal arts education to students who appreciate the value of a small, personal college campus located in a thriving metropolitan area. Oglethorpe has a coeducational, non-sectarian and diverse student body of 1,000 students who enjoy exploring the city of Atlanta and the range of culture, internships, entertainment, businesses and global organizations that call Atlanta home. Classes at OU have an average of only 16 students, and Oglethorpe's interdisciplinary Core Curriculum trains all students to excel at analysis and discussion and at how to connect knowledge from academic subjects to the real world they inhabit. Each major program depends on close interaction between students and the OU teaching faculty, ranked 20th in the U.S. by *The Princeton Review* in 2009.

Oglethorpe awards scholarships for academic merit as well as credit for IB, AP and A-level exams. Students who need additional ESL training may apply for conditional admission and study in Atlanta through a language-focused bridge program, before beginning full-time undergraduate coursework at Oglethorpe.

Ohio Wesleyan University

Ohio Wesleyan University (OWU) was founded in 1842 and has an unusual synthesis of liberal arts learning and pre-professional preparation. The University is strongly committed to developing the service ethic in students, to fusing theory with its practical applications, and to confronting specific issues of long-range public importance. The student body comes from 47 states and more than 50 countries, and almost all reside on the attractive 200-acre campus where housing is guaranteed for all students. The University is located in Delaware, Ohio. The city combines the safety, charm and pace of a small-town county seat (population 25,000) with easy access in thirty minutes to the state capital, Columbus, the sixteenth-largest city in America. Columbus provides internship opportunities, international research centers, an international airport, and cultural events that complement campus life. OWU has long been committed to education for a global society. The curriculum has an international perspective and a wide variety of opportunities are offered overseas. Individual work may be arranged elsewhere, but formal programs are offered in more than twenty countries.

Parsons - The New School for Design

Parsons students learn to rise to the challenges of living, working and creative decision making in a world where human experience is increasingly designed. The school embraces curricular innovation, pioneering uses of technology, collaborative methods and global perspectives on the future of design.

As part of The New School, Parsons builds on the University's legacy of progressive ideals, scholarship, and educational methods. Our faculty challenges convention through a setting and philosophy that encourages formal experimentation, nurtures alternative world-views, and cultivates forward thinking leaders and creative professionals across multiple fields.

Professional internships, interdisciplinary collaborations, and industry partnerships afford a vast international network of possibilities for entrepreneurship and professional success.

Purdue University

Purdue University enrolls more than 6,000 international students, the second largest number of students from abroad among all U.S. public institutions. We are located in the state of Indiana (mid-western US) and have gained fame in the fields of engineering, management, science, and agriculture. Purdue has an excellent reputation in health and human sciences, education, liberal arts, nursing, pharmacy, technology, and veterinary medicine. Many of our academic programs are nationally ranked. The University also has excellent support services and programs for international students. Monthly trips to famous cultural and historical sites are planned as is an extensive orientation program. Students also have the opportunity to be matched in a friendship relationship with an American family in the International Friendship Program, a nationally renowned program.

Purdue University Calumet

Purdue University Calumet (PUC) is an academically comprehensive university and part of the Purdue University System. PUC offers more than 80 majors, leading to bachelor and masters degrees, to over 10,000 students. With traditionally strong engineering and technology programs, PUC is also highly regarded in liberal arts, natural, behavioral and social sciences, as well as for its professional programs in nursing, management/business, and education. PUC also offers an intensive English Language Program for students needing to improve their language skills prior to beginning academic degrees. PUC is fully accredited by the North Central Association of Colleges and Schools, in addition to program-based accreditations.

Purdue University Calumet is committed to experiential education, providing a range of opportunities for students to engage in active learning experiences and research. Further, the small class sizes, friendly student services, cost-effective tuition, high quality laboratories, and the internationally respected Purdue degree makes Purdue Calumet an invaluable educational opportunity.

Purdue University Calumet is located in Hammond, Indiana, just 25 miles from downtown Chicago. PUC offers a diverse learning community that welcomes and supports its 600 international students.

Saint Mary's College

Saint Mary's College is one of the oldest four-year, women's colleges in the United States, having been founded by the Sisters of the Holy Cross in 1844. With a population of nearly 1,700, Saint Mary's has long been recognized for its exceptional undergraduate academic programs and for preparing graduates to make a difference in the world. *U.S. News & World Report* ranks Saint Mary's as one of the top 100 National Liberal Arts Colleges.

The 98-acre campus, set alongside the Saint Joseph River, has great natural beauty. Saint Mary's is located just across the street from the University of Notre Dame, just minutes north of the city of South Bend (population 150,000), and only 1 ½ hours east of Chicago (population 14 million).

The student to faculty ratio at Saint Mary's is 10 to 1. Our small discussion-based classes ensure that our faculty can provide students with personal attention, engage them in lively dialogue, and assist them in coming to know their dreams and aspirations. Merit and Financial based scholarships are available to international students. A new Intensive English Language Program along with conditional acceptance will begin Fall 2011.

The University of Arizona

The University of Arizona is a premier student-centered research institution. Founded in 1885, the UA is one of the largest universities in the U.S., with 38,000 students enrolled from 119 countries. It is one of the nation's top 20 public research institutions, offering 334 undergraduate, graduate, and professional degrees.

Whether in teaching, research, outreach or student engagement – quality, access, and discovery are the defining attributes of the UA's mission. We believe strongly that a student body with personal perspectives from around the globe enhances the college experience for all students.

The National Science Foundation ranks the UA No. 24 in research and development expenditures among public and private universities and colleges, and No. 16 among public universities and colleges. It is one of the country's best colleges according to U.S. News & World Report, America's Best College 2010 edition, and consistently ranks as one of the nation's best values for colleges by The Princeton Review, 100 Best Value Colleges.

Students may apply for **Conditional Admission** (for more information see: <http://www.cesl.arizona.edu/endorsement.htm>). Candidates meeting academic admissibility may fulfill English requirements with TOEFL, IELTS, or Endorsement by the UA Center for English as a Second Language (CESL).

University of Oregon

The Oregon O is the ultimate symbol for learning, an unending process throughout your life.

The University of Oregon is all about energy and education, action and adventure, opportunities and outcomes. The UO's commitment to academic excellence draws well-rounded students and faculty members to the university's 263 comprehensive academic programs, many of which rank number one in Oregon and among the top 20 in the nation.

A leader in sustainability, the UO is based in the classic college town of Eugene, in a region known for creativity, innovation, and outdoor adventure. The best ways to decide if the UO is right for you are to visit the beautiful campus, or take an online virtual tour.

At the UO you'll learn to think globally, studying alongside a diverse student body hailing from every U.S. state as well as 85 countries. And when you're not in class, you'll find yourself circling back to the cultural and social opportunities of the UO's rich student life, including more than 250 student organizations and plenty of chances to cheer on the nineteen Oregon Ducks NCAA Division I sports teams.

Apply yourself. Apply for admission. And come around to our brand of circular thinking.

Choose Oregon.

University of Southern California

USC Language Academy | Intensive English Program

The USC Language Academy is the Intensive English Program at the University of Southern California. In the heart of Los Angeles, the Academy offers high-quality, year-round English as a Second Language (ESL) instruction for academic and professional preparation, as well as everyday use. With seven levels of instruction from beginning to advanced, students receive 21 hours of instruction per week in small, student-focused classes taught by experienced, dedicated faculty.

The USC Language Academy helps students rapidly improve their English skills through a rigorous program of study, campus involvement, and educational activities. Courses focus on reading, writing, oral skills and grammar, with electives and language labs to enhance learning. Many Academy students pursue higher education in the United States, and about 30% are admitted to degree programs at USC. Students enjoy full access to USC's beautiful 226-acre campus and facilities, including libraries, computer labs, dining, fitness center, and year-round campus housing.

University of South Carolina

Named one of the Top 15 "Up-and-coming National Universities" in 2010 by U.S. News & World Report, the University of South Carolina offers unlimited opportunity for scholars from around the world. Since 1801, the University of South Carolina has fostered students' passion for learning and encouraged academic excellence. South Carolina is known for its friendly, welcoming people, and our friendly staff in International Student Services are experienced in helping international students transition to university life.

The university offers a wide variety of outstanding majors, from business and engineering to the humanities and arts, in 14 degree-granting colleges. Our undergraduate International Business program is ranked no. 1 in the USA and our graduate International Business program is ranking no. 3. In addition, the university has received the Carnegie Foundation's highest tier of research universities receiving \$210 million in external research funding for fiscal year 2009.

The English Programs for Internationals offers small classes averaging 12–15 students in a safe and friendly setting with highly qualified, experienced instructors and conversation partners. The program provides 20 hours of intensive English language instruction per week along with conditional admission to all undergraduate and many graduate programs.

2010 US University Fair Guide

University of Toledo

The University of Toledo is one of 13 state universities in Ohio. It was established in 1872 and became a member of the state university system in 1967. The University of Toledo is the third-largest public university with a current student enrollment of 23,000 students. UT is a community built around eleven colleges including Engineering, Business Law, Pharmacy, and Medicine, matched by only a handful of public universities nationwide. UT's main campus, located along the banks of the Ottawa River in a residential section of the city, includes historic buildings, modern facilities, contemporary residence halls and abundant green space. The University of Toledo Health Science Campus is home to UT Medical Center hospitals and clinics and many of UT's health-science research and education programs that are teaching the next generation of physicians, nurses and other health care professionals. The University is home to students from across the United States and over 100 countries worldwide.

Willamette University MBA

(Master of Business Administration)

Early Career MBA • MBA for Career Change
Located in the beautiful Pacific Northwest United States, Willamette University offers an MBA program specifically designed to prepare students for their first professional career position, career change or advancement through an innovative curriculum and a hands-on learning experience.

The **Early Career MBA** is designed for recent college graduates and applicants with limited work experience who are seeking their first professional position or career change. Previous work experience is not required.

The **MBA for Career Change** is designed for people with at least two years of post bachelor degree professional work experience with management or functional responsibilities, who are seeking career change or career advancement.

Ranked as a **“Best Business School” in the U.S. by Forbes magazine**, Willamette MBA helps students learn the core principles of general management, refine their career interests, develop an in-depth understanding of one or more career areas of interest, and build the portfolio of experience needed to succeed in a competitive job market. Students choose electives from the following areas of interest: **Accounting, Entrepreneurship, Finance, Global Management, Human Resources, Marketing, Operations, Analysis & Systems, Organizational Analysis, Public & Not-for-Profit Management and Sustainability Management.**

Willamette MBA offers **conditional admission** consideration to qualified students who are working through one of our partner organizations: sponsoring international organization or government, ELS Language Centers, Kaplan, Lewis and Clark Community College (Portland) and Chemeketa Community College (Salem).
